DOT Declassification/Release Instructions on File

31 OCT 1983

Dear RADM Merlin:

For the past few years, personnel from my Search and Rescue staff, and the Joint Rescue Coordination Center (JRCC), have had an ongoing dialogue with a local psychic by the name of Gharith A. Pendragon. Although we have not had occasion to officially seek his assistance, he nonetheless has an impressive record of clairvoyant, retrocognitive and precognitive accuracies.

The purpose of this note is to let you know that Mr. Pendragon will shortly be assuming a teaching position in San Antonio, and my Chief, Search and Rescue Branch has given him the address of his counterpart in the Eighth District. In anticipation that Mr. Pendragon may contact the Eighth District, please be assured that he possesses sound credentials and is among the leaders in his profession.

Sincerely,

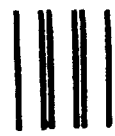

W. P. KOZLOVSKY
Rear Admiral, U. S. Coast Guard
